## ONGOING MUSEUM ACTIVITIES

Inspiring children has been always at heart. Through our programs we mentor and guide children through their creative process daily and creative thinking. It is honoring that parents and visitors entrust us with children and through the activities we explore art forms daily.

Vipawa is rallying for donations in kind art materials and equipment for the museum. These donations support the work of the museum in reaching more children through the generosity you share.

The museum receives visitors who share lots of conversations that are enriching for the growth of the museum. This gives the museum fullness of the appreciation of visitors and communities to children's creativity and artistry.

## UPCOMING MUSEUM LAND FUNDRAISIN

### Help us raise donations towards the need for Vipawa Children's Art Museum Land.

Museum founded in 2016 with the aim of bringing children's art to life, securing a rich heritage for African cultures; is raising USD 258,667 funds for its permanent 4.2

acre land by the lakeside this December 2023 to July 2024.

The museum at the temporary small space that has outlived its time and under attack by termites hence the need for permanent land to harness creativity, play and the bigger audiences for visitors.

Any financial help towards the land acquisition for the museum is highly appreciated.

Thank you for supporting our work at Vipawa children's art museum
